# BENEFITS

OF MILE<sup>®</sup>stone OUTDOOR 2CM PORCELAIN PAVERS

## Resistant to Thermal Shock

Won't break due to gradual or sudden temperature changes (-40°F — 210°F).

## Made from Natural Raw Materials

Sourced locally within 500mi of our production facility, lowering our carbon footprint.

## Unmatched Durability

Stronger and more resilient than any alternative paving solution.

## Frost Resistant

Unaffected by frost or freezing since our pavers don't absorb water.

## V.O.C. Free

Emits 0 VOCs to protect occupants and environmental health.

## Cost-Over-Life Savings

With a 60+ year life expectancy, our pavers provide a low life cycle cost analysis.

## Resists Microbial Growth and Damage

Unaffected by moss, mold, and verdigris.

## Scratch and Stain Resistant

Scratch and stain resistant, outdoor porcelain pavers can handle high traffic areas.

## Easy to Clean and Sanitize

No harsh chemicals needed to clean, nonporous material is resistant to stains.

## Versatile Installation Applications

Install over grass or gravel, mortared in or simply laid on the ground.

## UV Resistant and Colorfast

Won't fade from UV exposure, retains original color over product life.

## Available in a Broad Range of Styles

Styles range from stone, concrete, or wood looks in a variety of sizes.

## Virtually No Maintenance

Once installed, pavers require minimal upkeep and are easy to replace.

## Slip Resistant and Quick Draining

Perfect for pool decks, terraces, or even simple garden paths.

## Easy To Install

Requires minimal materials and effort to install nearly anywhere.

12"x24" L-SHAPED COPING	NOMINAL	20 mm	4	8 SF	73.6 LBS	40	160 PSC	2,944 LBS

\*WEIGHT PER PALLET DOES NOT INCLUDE PALLET WEIGHT ITSELF. All other sizes will be packaged as ordered. Please contact MILE<sup>®</sup>stone Customer Service at 1-877-356-7461 for packaging information. Minimum grout size recommended = 5 mm (or approx. 3/16") If staggered tile placement, we recommend using a 30% offset. If specified brick pattern with 1/2 pattern mandatory, a bigger grout is recommended to hide imperfections of installation (minimum 1/4").

# GREEN MEMBERSHIPS & ACCREDITATIONS

	DESCRIPTION
	Defines post-consumer content of as much as 3% recycled glass which reduces landfill impact.
	Defines pre-consumer content of as much as 45% recycled material which reduces our carbon footprint.
	Florim USA sources >95% raw material within a 500 mile radius, which results in a smaller carbon footprint.
	Tile Council of North America and the American National Standards Institute's standard for sustainability and environmental impact.
	A declaration that Florim USA values the environment and works daily to minimize our adverse impact upon it.
	The Health Product Declaration Collaborative transparency declaration for all of Florim USA's naturally occurring materials.
	Declare labels disclose all intentionally added ingredients and residuals present in the final product. Being Red List Free means the worst materials, chemicals, and elements for human and environmental health are not present within our products.
	Certification of plant and product specific Environmental Product Declaration (EPD) which tracks environmental impacts from the production of porcelain tile.
	Underwriter's Laboratories certification of low emitting materials. Florim USA is Green Guard Gold certified.
	Bureau Veritas Standards Program verifies and certifies both pre- and post-consumer recycled content.
	Florim USA actively participates in the Tile Council of North America which allows us to be on the forefront of advances in the tile industry and its standards.
	USGBC is committed to suit a more sustainable life. Florim USA supports this mission by manufacturing products which aid architects in achieving USGBC certification.
	Florim USA's sustainability and social practices support the mission of The International Living Future Institute which strives to create a socially just, culturally rich, and ecologically restorative community.
	The Tennessee Recycling Coalition is dedicated to promoting recycling and sustainable material management practices, and awarded Florim USA the Tennessee Recycler of the Year award for 2020.

## Progress that invests in the entire society

As an active member of the U.S. Green Building Council, MILE<sup>®</sup>stone spreads awareness to the community and encourages the use of building solutions through environmentally friendly practices. Our products positively contribute to the requirements for obtaining the LEED (Leadership in Energy and Environmental Design) and WELL (IWBI) certifications.

## A commitment to environmental sustainability and responsibility

We are committed to conscious development that minimizes the negative impact of manufacturing production on the environment. Our general approach to sustainability intersects with our business strategy to embrace three areas of responsibility: economic, social, and environmental. Some ways we prove this are:

- Products containing as much as 45% recycled content.
- Post-consumer recycled content levels as much as 3%.
- Zero industrial wastewater discharge.
- A 99% internal process recycling rate.
- Local sourcing of >95% raw materials (within 500-mile radius of factory) resulting in low transportation related carbon emissions.

MILE<sup>®</sup>stone is taking these and other steps, as well as actively investing to reduce carbon emissions to ensure that we reach full carbon neutrality by 2030.
